Summer Camp Scholarships

Summer music camps are an important part of the growth of an individual musician. These opportunities go a long way to exposing our student musicians to the opportunities that await them after graduation, as well as to connect our students to the greater world of musicians outside of our program. The Clark County Band Boosters offer a scholarship opportunity to attend summer music camps. A total of \$1,000 is available to award to students who apply.

Application Requirements:

- 500 word essay on what music means to you. Include accomplishments and anecdotes about your personal experiences as a musician.
- Good standing with Mr. Payne and GRC Administration (no behavior issues)
- Must participate in band during the upcoming school year.

Deadline is May 1st. Submissions should be in a sealed envelope and place into the black box in the GRC Band Room.

A committee consisting of Mr. Payne, a booster board member, and another GRC music faculty member will consider all applicants, and will announce winners as soon as possible.

Scholarship recipients must pay for all fees and expenses not covered by the scholarship.

Contact Mr. Payne with any questions.
